

STUDENT PLACEMENT PREDICTION

OUTPUT:

A screenshot of a web browser displaying a form titled "Student Placement Prediction:". The browser's address bar shows "127.0.0.1:5000". The form is set against a yellow background with a subtle floral pattern. It contains the following fields: "Select Gender" with a dropdown menu showing "Male"; "Enter 10th % Marks" with a text input containing "98.00"; "Enter 12th % Marks" with a text input containing "97.3"; "Select Degree stream" with a dropdown menu showing "Sci & Tech"; "Enter Degree %" with a text input containing "83.01"; "Select Work Experience" with a dropdown menu showing "Yes"; "Select Specialization" with a dropdown menu showing "Marketing & HR"; and "Enter MBA %" with a text input containing "73.81". A green "Predict" button is located at the bottom center of the form.

A screenshot of the same web browser displaying the "Student Placement Prediction" form after a prediction. The title of the form has changed to "Student Placement Prediction: You got Placed!!". The form fields are now empty, with placeholder text: "Enter your 10th Marks...", "Enter your 12th Marks...", "Enter your Degree percentage...", and "Enter your MBA percentage...". The "Predict" button remains at the bottom center.
